

## New York State Science and Engineering Fair

[www.nyssef.org](http://www.nyssef.org)

**March 27, 2023**

Dear ISEF Finalist Parent/Guardian,

We look forward to an exciting week in Dallas, Texas at the International Science and Engineering Fair (ISEF). In addition to the official ISEF events, we sometimes plan our own sightseeing tour/activity. In addition, we provide lunch as time limitations on judging day preclude the finalists from seeking their own food. We hope you can help defray the cost of these “extras” by contributing \$100 for your finalist. Please donate what you can to help make this week one never to be forgotten. The check should be made to **NYSSEF, Inc.** and please note the **full name of the finalist on the check memo.** Thank you.

Sincerely,

***Serena McCalla***
