

Dear Finalist,

You can log in to <https://finalistquestionnaire.societyforscience.org/> to complete your Regeneron ISEF registration. **Only one finalist from a team should select that they are the Team Leader.** Remember that all SRC-approved documents and completed questionnaires must be uploaded no later than **Monday, April 3, 2023, at 5 PM**. This includes any/all letters/modified forms/etc. submitted to NYSSEF SRC as remediated paperwork.

PLEASE MAKE SURE YOU DO THE FOLLOWING WHEN UPLOADING PAPERWORK:

Dr. S. McCalla will monitor your submissions to make sure that your uploads agree with the NYSSEF-approved paperwork. The submit button must be hit by 5 PM on Monday, April 3, 2023, to submit your forms to ISEF. That includes the questionnaire and abstract upload. After submission, you can continue to edit your abstract until April 19th.

NOTE WELL: ISEF will NOT allow on-the-floor abstract changes!!!

Once you complete your ISEF registration, you should work on improving your boards and your 8-minute presentation.

Congratulations, once again! Looking forward to ISEF in May!

Serena McCalla

**Serena McCalla, Ph.D.
NYSSEF President**
